

Name: Prem Shah

Company: Oracle Financial Services Software (OFSS) Experience 2023

Salary: 8.88 LPA

College: DJ Sanghvi (Comps)

26/8/22

Aptitude and Coding Test:

- The test was for 1 hour and 45 mins.
- It consisted two coding questions (Some Scheduling Algo and a REST API query)
- One SQL query (related to join operation)
- 10 MCQ's related to DSA and basic aptitude questions

27 people were selected in this round

1st Technical Interview:

- Started with interviewer asking to tell me about myself.
- Questions related to CORE Java
- Questions related to SQL (I was asked what is left join)
- Was asked to tell proper flow how does data travel from frontend to backend to database (POST, GET requests)
- Questions related to resume.
- Asked me if I had any questions, I asked for any feedback to improve myself and what would my role be in the company.

2nd Tech + HR Round:

- Tell me about yourself
- Interviewer asked why did I chose this college over other govt colleges.
- My internship was in blockchain so I was asked about it deeply.
- My extra-curricular interests. (I said cricket and movies)
- What events happen in your college other than studies.
- Asked me if I had any questions, I asked for any feedback to improve myself and what would my role be in the company.

Finally, 11 students were selected, I was among them.
